## TWO ACCOMPLICES HELPED KIDNAPER, VICTIM DECLARES

(BY A. P. NIGHT WIRE)

MUSKOGEE (Mich.) Nov. 3.—Police tonight still were undecided as to whether the arrest of two residents of Dublin, Mich., should be asked of Manistee county authorities on the basis of a story today by Rosalie Shanty, 12-year-old diving girl, who was brought back to Muskegon today from Manistee county, where she was taken by Raymond E. Wilson last Sunday, criminally assaulted and left to wander in the Jack pine wilderness.

## "Rattlesnake Burglar" Gives Anaheim Scare

(REUTERS DISPATCH.)  
ANAHEIM, Nov. 3.—The trade of "rattlesnake burglar" has been called because of the practice of giving warning before the burglar was taken into custody. The burglar was taken into custody after a long chase through the streets of Anaheim. The burglar was taken into custody after a long chase through the streets of Anaheim. ## Daylight Thief Robs Home of Jewels, Money

(REUTERS DISPATCH.)  
ONTARIO, Nov. 3.—Cash, jewelry, and other articles to the value of nearly \$1000, comprised the loot of a bold daylight burglar who, during the absence of members of the family, entered the ranch home of W. E. Disher on South Benson avenue, according to report to the Ontario police tonight. Entrance was said to have been gained by unhooking a screen door with the aid of a wire. The inner door had been left unlocked. Included in the loot were four gold watches, two gold chains, two strings of gold beads, four rings set in opals, pearls and turquoises, several gold brooches, two solid gold bracelets and more than \$25 in cash.

## Real Old Men Wear Buttons of Exclusion

By a "Times" Staff Correspondent  
PARADENA, Nov. 3.—Lapel buttons which will distinguish the comparatively adult members of the Centenarian Club who have reached or passed 100 years of age, were today at a meeting of the club at the home of Mrs. Nelly Markell, 1141 Lincoln avenue, and plans were made for a centenary celebration in December at the First Methodist Church here. The final design of the badges or buttons will be selected then.

### SUBMITTED TO VOTE

TO COMPEL PEOPLE TO HIRE LAWYERS. Submitted to electors by referendum. Adds Section 164 to Penal Code. An Act invented by lawyers, introduced by lawyers, passed the legislature by the votes of lawyer-politicians, signed by a lawyer-governor, now advocated solely by lawyers. Makes it a CRIME for any person not a lawyer, or any company, or bank or trust company, or any officer or employee to make a practice of giving people free advice on ordinary matters of business in which any legal questions are involved. The law would compel all such persons, when asked for advice, to say, "You must hire a LAWYER" and "PAY HIM A FEE." Does not in any manner regulate the practices of lawyers, nor afford to the public any measure of protection against existing abuses.

## Locked Doors Send Recluse to Cremation

By a "Times" Staff Correspondent  
PARADENA, Nov. 3.—Heavy rain which Richard Bignall, 40, placed on the doors of his home at 125 West Balloune street to keep out burglars, probably cost the old man his life. A burning stove, which he had apparently tried to carry out, set fire to the house and Bignall was found lying on the floor. He was over 80 and had been ill for some time. The fire was caused by a gas leak from the stove. The body was found by a neighbor. The fire was caused by a gas leak from the stove. The body was found by a neighbor.

## FATHER SEES CHILD KILLED BY MACHINE

WINTERSBURG GIRL ON WAY TO SCHOOL STRUCK BY CAR  
WINTERSBURG, Nov. 3.—A father who was looking for his daughter, who was on her way to school, found her lying on the ground. The girl was struck by a car. The father was looking for his daughter, who was on her way to school. The girl was struck by a car.

## BOY ADMITS HE LIT TWO FOREST FIRES

COURT DECIDES YOUTH MUST WORK OUT FINE FOR OFFENSE  
RIVERSIDE, Nov. 3.—After pleading guilty this morning before Justice Guy S. Warner of Highgrove, three miles north of the city, a boy named Dwight Briggs, 18 years of age, was given a six-month jail sentence and was fined \$75 which he must pay by his own labor at the rate of \$12.50 a month. He was remanded to the custody of his father, Fred Briggs, of Iowa avenue. The jail sentence was suspended on condition that the youth refrain from going to Sugar Loaf Mountain except in the custody of his father or some other responsible person. The first which the lad is said to have started out of a "desire for excitement," consumed approximately 250 acres of brush land and for a time threatened to destroy valuable orange groves.

## DECLINE TO INDORSE UNMERGER APPROVAL

(BY A. P. MONT WIRE.)  
PORTLAND (Ore.) Nov. 3.—The board of directors of the Chamber of Commerce today declined to indorse the report of a special committee of the chamber favoring the unmerger of the Central Pacific and Southern Pacific railroads. The board adopted a set of resolutions of its own, affirming its faith in the ability of the Interstate Commerce Commission to solve the problem of proper disposal of the two roads in their relationship to each other and to other systems.

### NOT What It SAYS but What It MEANS

The "Lawyers' Bill," (Proposition 24 on the Ballot) was drawn by LAWYERS, so its title might look to a voter like something harmless, or even possibly necessary. LOOK OUT FOR IT! Under the "smoke screen" of a concerted effort to undermine public confidence in the Banks and Trust Companies of California, the Lawyers are trying to "put over" on the voters a measure which is intended to accomplish only ONE purpose—More Fees for Lawyers.

SHIPMENTS LESS  
RIVERSIDE, Nov. 3.—Citrus fruit shipments from Riverside district totaled twenty-one cars of oranges and five of lemons during October 16 to 31, bringing the aggregate for the season to 2570 cars. Shipments last year were 2344 cars of oranges and 321 of lemons.

## NOTICE TO VOTERS!

Elect me to Congress as Representative from the Eleventh District (counties of Imperial, Inyo, Mono, Orange, Riverside, San Bernardino and San Diego.) I wish to vote for repeal of prohibition amendment. George Bauer, Socialist nominee for Representative, Eleventh Congressional District, Newport Beach, Cal. Oct. 25, 1922.—Advertisement.

## STOLE CLOTHES AND SAXOPHONE, CHARGE

(REUTERS DISPATCH.)  
POMONA, Nov. 3.—Harry O'Neill was arraigned before Justice U. E. White this afternoon on a charge of larceny and bond fixed at \$1000 for his appearance in Superior Court for a preliminary hearing. Failing to make bail he was taken to the County Jail. O'Neill, who was not held, the case being dismissed for lack of evidence. O'Neill is charged with stealing a saxophone from the home of W. L. Mansfield, 765 North White, Pomona, about three weeks ago. He was apprehended a week ago in San Diego, while attempting to dispose of the saxophone.

### SUPERB BILL KHJ OFFERING

Mezzo-Soprano Sings in  
Both Night Periods

Prof. Albert Kirt's Solos  
Carry Appeal

Lillian Althouse Interprets  
Saxophone Numbers

Saxophone, violin and mezzo-soprano united last night in giving to radioland two hours of superb entertainment.

Paula Dohrman, mezzo-soprano, whose vocal charm was familiar to the restricted number of KHJ listeners previous to the opening of the new station, won new acclaim in last night's concert, both for her two solos during the children's half hour and for the four others which she gave during the adult's final broadcast period. To the true and sympathetic accompaniment of Ophelia E. Smith, her "An Irish Lullaby," by Rida Johnson Young, and "Mammy's Little Coal Black Rose," by Whiting put the lullaby and lullaby of radioland in the proper mood to enjoy to the fullest extent "Uncle John's" bedtime story, an amplification of the fact that it is more blessed to give than to receive.

During the final broadcast period Paula Dohrman sang four impressive soprano solos, among them being "Morning" by Oley Speaks, "Rosa Rigoletto" by Edwards, "I Wonder If Every Rose," by Hester, and "Little Fiddlers' Kid," by Gidon. Mrs. Dohrman's interpretative ability is at once recognized by her listeners, and her treatment of music marked her as a true artist.

Prof. Albert Kirt, violinist of the California Theater orchestra, accompanied by Alma B. Terry, both of whom are members of the faculty of the western branch of the Sherwood School of Music, Chicago, gave a selection of violin solos, which for fluency and technique were equal to those of the most famous. Prof. Kirt has frequently entertained KHJ listeners in the past, and his appearance here was a commendation from an ever-increasing group of admirers.

Lillian Althouse, saxophone soloist and teacher of saxophone at the Synne-Kearney School of Music, who has appeared on KHJ programs with perhaps greater frequency than any other professional saxophone player, was heard again last night in three solos, "Barcarole" by Tandler, "Dear Little You" by Clay Smith, and "Mother Macabre," by Ernest Ball. Miss Althouse's choice of music differs materially from the syncopated. This class of music coupled with her artistic interpretations gives the listener a new type of music rather than the syncopated. ### Woes of Court Unite Cousins Long Parted

When Lee Malone, cowboy of the silver screen, was arrested on a charge of reckless driving, it was just another matter of flipping a coin, clicking a high heel to the tune of the law, and paying the dealer.

When William M. Furlong was arrested on a charge of being a vagrant and idle it was just another one of those incidents in life which come after one another.

But when Malone and Furlong appeared before the bar of justice in Police Judge Chamberlain's court yesterday Fate took a hand and dealt from the bottom of the pile. Malone and Furlong recognized each other as cousins who had not seen one another for twenty years. Their last parting had been on a prairie ranch. Furlong went East. Malone went West.

Malone pleaded guilty on the charge against him and was committed to jail in default of \$1000 bail until today when he will receive sentence. Furlong asked time to plead and also went to jail when unable to pay the \$1000 bail set by the court.

And the cousins who had not seen each other for twenty years walked into the City Jail and it was a mighty fine place to be under the circumstances.

### Agents Seize Liquor Stocks at Drug Store

Twenty thousand dollars' worth of contraband liquor was seized at the J. & J. Drug Company Store, 489 South Main street, yesterday by agents of the prohibition enforcement department, and the proprietors of the establishment, Sam Kupperman and Sol Rosenfeld, were placed under a bond of \$5000 each. It is the second arrested offense of the defendants in the last ten days.

Prohibition agents assert they contracted to buy four cases of bonded goods for which they were to pay \$180 a case. When the arrest was made, a large quantity of other liquor was found at the place. It was all confiscated.

### LONG BEACH CHILD DIES FROM INJURIES

By a "Times" Staff Correspondent  
LONG BEACH, Nov. 3.—Injuries which she received several days ago when she pulled a window box onto herself, resulted in the death of Fannie Bowden, aged 7 years, at a local hospital today, when her mother was preparing to submit to an operation of blood transfusion. The heavy stand struck the child in the abdomen, causing internal injuries.

### "TIMES" RADIO DELIGHTS FANS

(Continued from First Page)

as perfectly as if the artists were really with us in the flesh."

HEARD IN SIERRAS  
R. E. Henry, chief telegraph operator with the Southern California Edison Company, asked the radio operators at the Big Creek location of the company's development project to broadcast a report on KHJ's initial program. This reply came back: "Radio Kirt's office across the street using headphones only, no magnifying. Modulation very good."

An indication of how KHJ appeals to Emil Beresbach, 333 North Vine street, Los Angeles, is found in this statement made by him, following a commentary report on the opening broadcast: "Should you ever start the plan of obtaining subscriptions to a fund with which to pay the expenses of the broadcast you give, I will only be too glad to contribute a specified amount each month."

### May Establish Woolen Factory in Los Angeles

The construction of a large woolen or woolen mill in Los Angeles is being seriously considered by H. C. Coburn, prominent eastern worsted and woolen manufacturer, who is visiting here. It was learned yesterday.

Mr. Coburn came to Los Angeles with no intention of building a factory, but he sees in Southern California unlimited possibilities for such an enterprise. His plan, which at this stage is only tentative, is to build, first of all, a large mill in Los Angeles, and then, with that as a nucleus, to gradually build up a system of mills, located both in this city and in several of the neighboring towns.

Mr. Coburn is convinced that such a mill can be constructed and maintained here as cheaply as in the East, the high cost of labor being counterbalanced by the fact that building materials are cheaper than in the mill districts of New England. He also points out that retail merchants here pay two transportation charges on all of the goods that they sell: a transportation charge on the raw material as it is sent east to the mills, and a second charge on the manufactured goods as they are shipped West, and that they, as a consequence, are forced to sell clothing at a price higher than the prevailing eastern prices for the same quality article. With worsted and woolen mills located in southern California, this situation would be eliminated.

### KHJ TO BE DEDICATED ON SUNDAY

Special Sacred Service is to Mark Completion of New Radio Station

KHJ will be dedicated tomorrow morning. In the interim between the de luxe concert in which KHJ made its debut under the new regime and tonight, workmen have put the finishing touches on the new giant radio plant and the dedication service tomorrow will include addresses by two prominent speakers—the Rev. Hugh E. Walker, pastor of the First Presbyterian Church, and William T. Moody, president of the Northfield schools, East Northfield, Mass., both national characters in violin solos by Arthur Dodworth to be played on a Stradivarius violin the estimated value of which is \$15,000, cornet solos by the number of persons who listen to their church. KHJ has always taken these sacred services seriously and it is due to this fact more than any other that a large following has resulted. With the opening of the new station The Times is interested to know the breadth of appeal this sacred service finds throughout the country. Naturally, tomorrow morning's service will be heard by thousands who by reason of limited range have not had the opportunity to learn the character of sacred service which this station maintains, and while KHJ has never asked for reports on Sunday services before it asks it in this instance for two purposes—that a check may be made upon the number of persons who listen in and also that definite figures on its daylight range may be known.

### WALKS IN FRONT OF TRAIN, DIES

Disregarding the warning cries of witnesses, an unidentified man early yesterday morning walked directly in front of Santa Fe passenger train No. 17 at the Aliso street crossing and was instantly killed.

At a late hour last evening the body was still unidentified at the Booth & Boyson undertaking establishment. The man was dressed, according to the police, in khaki working clothes, was about 25 years of age, weighed about 150 pounds, was about five feet six inches in height, had black hair and small dark moustache.

### INJURIES FATAL TO YOUNG MOTORCYCLIST

Roy Westerlund, aged 17 years, a Manual Arts High school boy of 1627 West Fifty-fourth street, who was injured when a motorcycle on which he was riding collided with a heavy truck at Fourth street and Vermont avenue last Monday, died at the Angeles Hospital late yesterday. His body was removed to the F. L. Utter undertaking establishment.

Maurice Fleming, aged 18 years, of 1839 West Fifty-fifth street, who was also riding on the motorcycle at the receiving hospital soon after the accident. The boys were on their way to a football game when the accident occurred.

## FANS EXPECT CLOSE BATTLE

Nevada-Stanford Tilt Ought to be a Corker

Cardinals Appear to Have Edge on Opponents

Coach Kerr Says His Tribe is Very Strong

(EXCLUSIVE DISPATCH.)  
STANFORD, UNIVERSITY, Nov. 3.—Football fans agree on two facts concerning the Nevada-Stanford fracas scheduled for tomorrow afternoon at Palo Alto. They believe the battle should be close, and that Stanford should win. On the matter of just how bad the Cardinals should hand it to the Stars, predictions range from the wayward to the sure.

**GOOD RECORD**  
Coach Kerr, unlike the Cardinal followers, expects a very hard battle for victory. He said today all the reports he has on the Nevada tribe show them greatly stronger than the public in general suspects.

Truth comes from the heart—not from the mouth.  
Troubles that don't happen worry you more than those that do.

Always demand a receipt from the fellow who blames about his honesty.

Forget that you are growing old, and you will look ten years younger than you are.

You get more useful education from mixing with plain people than from mixing with professors.

The margin between cleverness and freshness is as small as the change you have left after eating a few meals in a Pullman diner.

Thanksgiving is the next important date on the calendar to remember and prepare for. Why not begin to plan the big home gathering and let down various items to order so that when the day comes nothing will have been left out or forgotten.

Hamburger's grocery department on the fourth floor, where quality and service reign supreme, has received new lots of every variety, loathsome fresh eggs and choice dates as delicious as you have ever tasted! Being in such great demand it is advisable for orders to be given now.

Breakfast, that most important meal of the day for starting off in a good mood, is made over so much more enjoyable if you have a jar of Glen Rosa Orange marmalade on the table for use on the toast or hot biscuits. There is just the right tang to it and as for purity—only the best of oranges and sugar are used. Buy it from any first-class grocer.

One of the greatest drives you can take is to Marcell Inn, for it is reached by driving out North Broadway to Pasadena Ave., thence on to Orange Grove and from Orange Grove you turn out and continue on Lincoln until you reach a variable Fairland, where the trees are aglow with lanterns, which conceal electric lights.

There is a person leading up to the entrance of the wonderful chrysanthemum, growing in profusion, and to the beauty of this famous Inn, where the service is a dinner so satisfying, so delicious, that you reserve at least one evening a week to the enjoyment of the beautiful Inn and its surroundings.

At last a shipment of all sizes cans of Gastruccio Bros., olive oil, has arrived from Italy and now may be had by visiting Gastruccio, 171 N. Spring St., the home of every known kind of imported delicacy.

When a personal call is impossible remember that all phone orders are given prompt attention and quick delivery. Our new delivery service recently been added to the number they now possess. Make a memo of the color's telephone number, room 139 and 1231, avail yourself of this service adopted for your convenience.

Good old tea cream! How often it comes to our rescue and averts calamity when our dessert turns out a failure and we are positively puzzled until we remember that Hughes Ice Cream can be bought at any of the dealers displaying a yellow and white sign. There are scores of appealing combinations which are sure to be liked by every one you serve. Rich cream, fresh fruit, are two of the reasons why Hughes is invariably preferred.

If a tablespoon of turpentine is stirred into the better full of water it will whiten the white clothes balled in it without injuring them.

A woman who had bought one of the best washing machines on the market recently and was actually unable to get really good results from the machine until she had tried White King Washing Machine Soap is grateful for the fact that this same woman is perfectly satisfied and quite delighted with the way the machine is working. Now, many women say that White King Washing Machine Soap put up in this red-tinted box has been come an absolute necessity for all their household and they recommend it highly to all newcomers.

If edited, handkerchiefs are allowed to soak in cold water into which a handful of salt has been dissolved they will be much easier to wash.

Many people believe under the impression that the cost of Thompson's Adorable Sprinkler Heads is prohibitive. When in reality they only cost \$1 a dozen and are made of such a splendid metal that they last a lifetime. There is no wear-out in them. The reason you put out installing them and making your lawn twice as beautiful—the longer you will regret it when some day you realize how much you might have been saved in time and money. Our better hardware stores all can supply you.

Have your fat silver replaced for Thanksgiving? By taking them now to the Greening Shop, 313 1/2 S. Spring St., who hand-brushes and quadruple plates them. Tablespoons, knives and forks \$3.50 a dozen; teaspoons, \$1.75 a dozen.

The use of paper towels in our homes should be a means by which serious consequences, known by the name of "Scot Tissue" have been tried out and found the answer to a question every woman who has asked herself at one time or another. "How to prevent our towels from wearing out so quickly?" "Tissue" towels a trial in the kitchen as well as bath. Sold at drug and department stores or 60¢ South Pacific.

We "old residents" are well aware of the quite remarkable luncheon and dinner to be had at Mori's Grill (187 W. Market St., between Main and Spring) where the food sends one into rhapsodies over its deliciousness. To the newcomers this information will be most welcome.

What can you do to vary the kiddie school lunch? Give them a little individual carton of L. A. Creamery Cheese to themselves. Prepare some bread and butter sandwiches and put in the package a little noteboard upon which can eat their cottage cheese right out of the sanitary receptacle the L. A. Creamery has provided for this extremely delicious food product so rich in nourishing ingredients for the little folks' bodies, as well as those of the grown-ups. Made fresh every day and delivered to your home or sentable from the family grocer.

L. A. Creamery Cheese soon becomes an old standby which we depend upon more and more.

Far from being last among the modern time-saving foods—McDonald's Roof Garden Chocolate in the partially sweetened form ranks high, and every day is becoming more valuable in our cooking.

You know it isn't at all expensive in price on the contrary you will find it most economical. Many wholesome food may now be used, provided it is served at the proper time, in suitable amounts and in digestible form.

Don't forget your milk, cereals, fruit, eggs and vegetables. Remember that you are growing tall and that you must cover your long frames with muscle.

The interesting process by which "Frozen Steam" eliminates conductors of heat such as mineral, vegetable and animal matter, makes it difficult for heat to go through this low temperature refrigerator. All of which summed up means your box filled with "Frozen Steam" keeps cold longer than with common ice and is therefore, what you should begin to use immediately. That's easy enough, just phone Main 4483 or 1013 and ask to have your order taken today.

The furniture which W. S. Heaton now carries along with his beautiful rugs, is excellent value in keeping with the low prices he has always had on floor-coverings. The new address is 1030 S. Figueroa.

When sewing on a velvet garment use silk thread with which to baste. It will pull out leaving no traces, while cotton thread is apt to leave a mark.

Such a delightful new home for showing his large assortment of new rugs and furniture has been secured by W. S. Heaton at 1030 S. Figueroa, where parking is permitted.

It doesn't take long for "Dish" Drinking cups to become indispensable in our homes. Made of paper, true, and consequently very reasonable and extremely practical—its appearance is inviting and from the standpoint of sanitation nothing could be better. Call up the Individual Drinking Cup Co., 608 So. Figueroa (4820) and have a case delivered to try.

You know Long, the Coffee Man, 324 So. Broadway, sells his very best coffee for 35 cents a pound. Heats it fresh each day, too. Give him a try, a cup, that'll convince you of its merits. His fine and large assortment of teas, 50 cents a pound.

Gravy—Mail one tablespoon butter, add one heaping teaspoon flour, then add two cups milk, stir all smooth and boil up.

Do you ever take advantage of Young's wonderful delicatessen booths? Goodness, but they are fine! One can always get there something for a quick breakfast, luncheon, dinner or supper. Has a home-cooked taste, besides.

Woman soon find this department of Young's the greatest help and comfort in the world, because the "ready-to-serve" is so truly delicious and satisfactory. By all means try this delicatessen section and if you haven't up to the present.

There is simply no way for man to evade the "Astrol" method of disinfection. The efficient, durable glass jar filled with "Astrol" is so powerful an exterminator when placed around houses and small places, that those who are small pests, such as fleas, phone Main 831, number of Universal Tans, who manufacture Astrol and can give you an estimate on installing.

Do you know that a tablespoonful of Bobrick's Cloudy Ammonia in a panful of water will cleanse a bright, whatever you are, washing in quicker time than almost anything else you can use, and that you can save yourself hours of labor every week by using it in the kitchen, bathroom and laundry?

"The Federal Thermo-storage automatic water heater is the greatest in the world," says Mrs. E. E. Lambert of 114 N. Brown street. "Plenty of hot water any hour of the day or night, with low gas bills." See the exhibit and factory, 314 S. L. A. St.

## EATUMS TWINS IN TRAINING

Young Members of Fedeell Tribe Ambitious

They Learn How to Live Efficiently

Miss Welby Instructs in Art of Eating

BY WINIFRED STUART GIBBS, Food Specialist

"Watch your nap, Fatty, or I'll beat you to the end of the gym track!"

"Go to it," shouted Grubby, twin, and the boys were off at a lively pace.

Speeding with all the powers of vigorous young muscles, they "tied" on the race, and laughing breathlessly, sat down to talk with one of the older boys, an open-faced young man of 14, who had just come in. The twins adored Frank, looking up to his superior age and wisdom, for he was leaving for a famous "prep" school, and Fatty and Grubby aspired above all things to follow in his footsteps.

"Good work, kids! You fellows can run."

Beaming with pride, the twins asked wistfully: "Do you suppose we could pass the physical exam for your school, Frank?"

"Not a chance now, but you've done pretty well making your big school team and everything," Frank stroked away and the twins proceeded to do some thinking.

WHAT'S THE USE? "What's the use of asking that, Grubby, you know we couldn't go anyway."

"Keep it dark, eh, chap, but I heard Dad and Mum talking about next year, and I have a hunch they've got to let us go."

"Oh, it's hard, but I'll try to do it," said Fatty, "I'll let go home and begin training anyway! You never saw me!"

Being diplomats, the boys were waiting for a chance to say something wise to prepare for any emergency, while keeping their own counsel.

"You see it's this way," said Fatty, "we got down to normal weight and made the team and now we like to begin to prepare for our life work!"

"Sounds like we were watching," said Grubby, in an aside, "I'll shut up, will you? Miss Welby, will you help us?"

GET SUGGESTIONS "Yes, indeed, boys, let's get to work."

"Suppose I type some suggestions, then you can hang them over your desk until you get them into your heads."

"You bet! Shoo!" So Miss Welby gave the twins these suggestions:

## COFFEE AIDS DIGESTION

Drink Declared Beneficial Because of Good Cheer Brought to Meals

The coffee bean is constructed of fibrous tissues formed into cells visible only under the microscope. These cells contain the aromatic oils to which coffee owes its delicious flavor. These oils quickly lose strength when exposed to the air. Ground coffee, therefore, should be kept in a tightly closed container.

Coffee when it comes to us in roasted form, is already cooked. The roasting process develops the flavoring oils and makes them ready for instantaneous solution with boiling water when the cells are opened by grinding. Boiling or prolonged steaming are unnecessary and ruinous to flavor.

Coffee owes its value to these aromatic oils and to a substance called caffeine, which gives a mild refreshment and stimulation. The purpose of brewing is to extract the flavor and stimulating elements and leave behind the woody fiber that surrounds them.

REASONS FOR USE Why is coffee so generally used? There are two reasons: its delicious flavor and its refreshing effect.

Physicians and dietitians tell us that taste and appetite play an important part in the selection of proper foods. If we do not enjoy our food it does not give us all the benefit that Nature intended. Coffee aids digestion and nourishment because it adds to the pleasure and good cheer of our daily meals.

Like other articles of diet, coffee should be used in moderation. It is possible to eat too much meat, or eggs, or sugar, or even bread, or milk. People differ in their respects.

The element from which coffee derives its refreshing quality is caffeine. After a searching review of all recorded scientific opinion about coffee, and Mother Samuel C. Prescott, head of the department of biology and public health of the Massachusetts Institute of Technology, sums up the subject as follows:

"Caffeine is a mild stimulant of the heart, increases power to do muscular work, increases concentration of mental efforts and therefore the power to do more brain work. It is not followed, except in excessive quantities, by undesirable after-effects."

USE GROUNDS ONCE Don't waste fresh coffee by adding it to old grounds. Used coffee grounds are of no more value in making coffee than ashes are in building a fire.

SCOUR COFFEE POT Keep all coffee-making utensils scrupulously clean. Nothing spoils flavor more quickly than a dirty coffee pot. Everything that touches the liquid coffee should be thoroughly cleansed after each using.

FILTER METHOD After two years' experimental work in the department of biology, the following results were obtained:

Will do you no harm, especially if you have been exercising or playing hard. Watch your school lunch menu and select the best foods for your secondary meal.

"So long, Miss Welby, and thanks, aw, ay!" That night, at home, Fatty's "hunch" proved truly prophetic.

Calling the excited twins into the library, which the twins and Eatums told the good news. They were to go to Hanover after finishing the first year of high school.

After one joyful whoop, the boys erupted openly over their foresight and Mother Eatums warmly approved when told of Miss Welby's help.

"Keep up the good work, sons," she said, "and you'll be the best all-round members of the class next year."

Burglar Loots Hotel Room of Valuable Gems

E. H. Simon, a guest at the Alexander, reported to the police last yesterday that three rings valued at about \$2000 were stolen from his room in that hotel sometime yesterday or the day before.

The jewelry consisted of one woman's gold ring set with a six-and-one-half-carat amethyst, one gold ring set with a seven-eighths-carat diamond and a gold wedding ring, according to Mr. Simon's report.

# When are the BEST EGGS Laid?

Biddy does her best work in the warm, dry days of Spring.

Come Winter and the citizenship of the Roost decides to take a vacation.

But Man is equal to the occasion. By means of modern refrigeration, he is able to enjoy Biddy's fine, large Spring-time EGGS all the year round.

By storing the pick of the Springtime lay, and carefully candling the EGGS before and after storing, you are able to obtain April EGGS in November that are every bit as good as the day they were laid.

Best of all, they save you 15c to 20c a dozen.

# POWER ACT IS SMASHED HARD

County Farm Bureau is Against Measure

"Lack of Necessity" Urged in Resolution

Action Taken After Close Consideration

After months of consideration the Los Angeles County Farm Bureau has announced its unqualified opposition to the \$500,000 Water and Power Act, to be voted on Tuesday as Proposition No. 13. In a resolution adopted at its annual meeting and made public yesterday it denounces the measure as "unwise and unsound in principle."

Speakers advocating the measure and its opponents have been heard many times by members of the bureau assembled for their local meetings. Debates have been heard by practically all members of the bureau. Discussion of the measure, its evils and asserted advantages to the farmer has been held at meetings throughout the county for many months. With proponents of the proposed act bringing all the political pressure possible to bear in an effort to prevent the county exemption from taking any action at all on the measure official action was long withheld.

CAREFULLY CONSIDERED

The resolution specifically states that "careful consideration" has been given to the merits and demerits of the act.

Action of the farm bureau follows condemnation of the \$500,000 measure by many men interested in and affiliated with the agricultural interests of the State. C. C. Tatum, president of the California Fruit Growers' Exchange; J. A. Yeager, regional director of the California Farm Federation; C. C. Tatum, president of the California Real Estate Board, which includes all of the large dealers in farm lands in its membership, and many other individuals and associations, have denounced the measure as inimical to the interests of agriculture.

TEXT OF RESOLUTION

The resolution follows: "Be it resolved: That after a

BY J. P. DAY WORLD OMAHA (Mo.) Nov. 3.—Mrs. Roberta Weston Convey, aged 103, died in a hospital last night of old age and complications resulting from a broken leg received when she fell while walking in the yard of her home last August. She attracted considerable public attention some months ago by attending a prize fight at the City arena. She was born in Ireland.

careful consideration covering a long period of time and after conducting a series of meetings throughout the county, at which the best authorities on both sides presented their views, we hereby declare our strong opposition to initiative measure No. 13 as submitted for ballot November 7 under the title Water and Power Act.

"From an agricultural viewpoint we feel that the measure represents an unsafe and unsound principle to State government and contrary to the approved and tried methods of economic development. We feel that the measure is drawn without the proper safeguards and is a dangerous and unsound in principle and should not be promised economic success. Furthermore no necessity exists in this State today for any such measure."

# NO MERCY SHOWN TO SPEEDERS

Virtues of City Jail as Cure for "Fast Life" Are Extolled by Judge

By a "Times" Staff Correspondent SAN FRANCISCO, Nov. 3.—It's getting to be a regular event, these Friday sessions of the Police Court, for you can always depend upon Police Judge M. R. King to extol the virtues of the City Jail as a remedy for the "fast life" of visiting motorists on Santa Monica Boulevard. Today was no exception. Four speeders, all convicted of going over forty miles an hour on local highways, were sentenced to 30 days in jail and assessed fines totaling \$100.

In addition, ten other motorists were forced to plank down fines aggregating \$140 for speeding, all, however, under the forty-mile limit, the danger zone set by Judge King.

Their names given five-day sentences were: E. H. Caran, 1108 Georgia street, Los Angeles; J. H. Pines, Montebello; C. L. Hardin, 1215 West Boulevard, Los Angeles; and Stanley E. Harmon, a Los Angeles boxer, Harmon and Harding were fined \$40 in addition to their jail sentences, and Pines and Caran were fined \$35. All were arrested by Motorcycle Officers Fisher and Morton.

Other motorists fined but not given jail sentences were Albert Garcia, 1715 Santa Monica street, Santa Monica; J. Josephine Dean, Glendale, 110; R. C. Hankinson, 220 East Fifty-sixth street, 113; J. Feinberg, 210 Temple street, 120; James F. Mullen, 209 East Howard street, 118; Bryan Ketchum, 418 West Seventy-third street, 120; and Jugo Kavar, 4448 Selma street, 110, all of Los Angeles; R. Brunell, 228 Arizona avenue, 113; V. I. Berry, 211 Nineteenth street, both of Santa Monica; and P. Sargent, 19 Avenue 21, Van Nuys.

Harmon, who was scheduled to fight tonight in the Hollywood arena against "Race Horse" Roberts, was permitted to attend the fight on his own recognizance. He will begin his jail sentence tomorrow.

# County Bond Issue Urgent, Says Official

Supervisor Woodley, head of the finance division of the Board of Supervisors, expressed himself today as being heartily in favor of the proposed county bond issue. "It is not a question," he stated, "as to whether or not additional buildings are to be built at the county farm and at the hospital. The Board of Supervisors is compelled by the existing conditions to provide relief. Nor can we longer debate the advisability of providing a new jail and adequate space for the various courts and offices engaged with detecting and prosecuting crime. It has to be done."

The sale question to be decided is this: Shall 20 cents be added to the county tax rate each year for the next four years, or shall the burden of constructing these lasting benefits be spread out thin over a twenty-four year period? Your Board of Supervisors recommends the latter course."

# Judges Voice Approval of Lawyer's Bill

Turning the measure "an act serving the best interests of the people" fifteen judges of the Superior Court of Los Angeles county yesterday indicated by formal action proposition No. 14 on Tuesday's ballot regulating the illegal practice of law. Strong in its wording, the resolution, which has been sent to 100,000 voters calls upon the electorate to vote "yes" on the measure. The justices of the Supreme Court and of the Appellate Court, together with the Superior judges of every county have now formally approved the measure.

Yesterday's resolution is signed by John W. Shank, J. Perry Wood, Leslie R. Hewitt, Frederick W. Houser, Paul J. McCormick, John M. York, L. E. Valentine, Frank R. Willis, J. W. Sumnerfield, Charles E. Burdell, Russ Avery, Burton A. Wey, Louis W. Myers, Charles E. Crall and Sidney N. Reeve.

Jack Dempsey's Brother Fined for Motoring So Fast

By a "Times" Staff Correspondent CULVER CITY, Nov. 3.—For celebrating at the rate of fifty-one miles an hour in a fifteen-mile speed limit Halloween night, John Dempsey, brother of Jack Dempsey, world's heavyweight champion, was fined \$45 in Judge R. J. Floyd's court today. He was given an additional fine of \$5 when it was found that he had been driving his license with him at the time of his arrest.

Dempsey was arrested for speeding over the intersection of Washington Boulevard and Main street.

# POWER ACT APPEALS TO POLITICIANS

Backers of Gigantic Bond Measure See Paradise for Jobholders, Says League

Politicians who have fattened at the public trough are the chief propagandists endeavoring to put over the \$500,000 Water and Power Act, according to an analysis of the personnel of the various campaign organizations sponsoring the revolutionary measure made yesterday by the People's Economy League.

It is pointed out that more than 90 per cent of the executive committee of the California campaign committee, of which the multi-millionaire, Rudolph Spreckels is chairman, are professional politicians, while most of the officers of the Public Power League, the local body supporting the act, are or have been officeholders.

Of the fifteen members of the State committee, five are holding office at the present time and four of the other five are ex-officeholders. Here is the personnel as analyzed:

William Kent, former Congressman; Dr. Horace Porter, former Mayor of San Francisco; William J. Locke, City Attorney of Alameda; Elio R. Broughton, Assembly member; John Joseph, Assembly member; L. L. Bennett, State Senator; Mrs. Anna L. Maylor, Assemblywoman; Louis A. Maylor, Assemblyman; Clyde L. Sawyer, City Manager, Sacramento; Rudolph Spreckels, active in State politics; William Mulholland, Board of Public Service; J. L. Matthews, State Water Commissioner; Franklin Hishbom, active in politics in Santa Clara; C. W. Kerner, City Manager, Pasadena; and Mrs. Frank Gibson of Los Angeles.

These leaders in the fight for the \$500,000 bond issue "are private machine behind each or control by the people, the league declares. The proposed power board would have absolute power to hire as many employees as it desires, to pay whatever salaries it wants to and to disregard State civil service rules and regulations."

Some of the members of the local organization sponsoring the act are John L. Hamilton, former member of the Board of Supervisors and a professional politician, Senator William J. Carr of Pasadena; Ralph Crenwell of the City Council; Fred Wheeler of the City Council; Francis J. Hiney of Santa Monica; W. E. Matthews, attorney; John Elliott, former Collector of Customs, and many others who depend upon the public pay roll for their livelihood.

It is easy to understand, say opponents of the act, why these politicians desire to see this measure become a part of the constitution of California. Having given their influence to bringing about the act, they could share in the patronage and grab off some of the fat jobs that would be available. It is stated.

# DRY WORKERS STAGE PRE-ELECTION RALLY

The Central W. C. T. U. held a pre-election conference last night at Temperance Temple, the invited candidates being Robert H. Scott, Ruben Schmidt and George A. Hooper.

Among those who addressed the meeting on the various ballot measures were: Mr. Scott, Mr. B. Flagg, Dr. Max Parsons, Dr. M. Les Hutchins, Mrs. Mary Garbutt, Mrs. Hester G. Miller, Mrs. L. Panny King, Councilman Crenwell, Mrs. Julia D. Phelps and Mrs. Fred Tait.

Mrs. Eva C. Wheeler and Mrs. Bertha Dixon conducted the prayer hours for victory on election day. Two songs were given by Rev. Thomas Hendry.

# ATTORNEYS TELL STAND ON MEASURE

Proposed Amendment to Stop Banks Doing Legal Work Explained

The following statement was issued yesterday by the California Bar Association replying to the bankers' opposition to the so-called lawyers' bill:

Proposition No. 14 was passed by the Legislature and approved by the Governor for the purpose of stopping the illegal practices of bankers and trust companies. Similar legislation is now in force in twenty-four States.

The only opposition to this measure is that instigated and paid for by these same banks and trust companies. The charge made by the opposition that this bill will prevent bankers and business men advising freely on matters relative to business transactions and simple business law is untrue and is refuted by the fact that this has not happened in any of the other twenty-four States where such a law is still in force. The real reason that these banks and trust companies are fighting this bill is that through the medium of so-called free legal advice they induce their customers to sign wills creating trusts which give them unlimited power over the estates, permitting them to buy and sell the property of the estates as they see fit, without any supervision or control by the courts.

By such methods they not only pay large sums in the way of executor's and trustee's fees, but derive handsome profits through the handling of these trust estates. These profits, they are unwilling to give up; hence the fight they are waging to defeat Proposition No. 14.

# What is your prize cake?

A famous domestic scientist recently asked a class of housewives, "What is your prize cake — the cake you like best to make and that is best liked by your family?" Two-thirds of the women voted "Ghirardelli's Brown Stone Front Cake recipe that is looked on as an heirloom in many families!"

Ghirardelli's Brown Stone Front Cakes

First Part: 1/2 cup Ghirardelli's Ground Chocolate, 1/2 cup milk, 1/2 cup brown sugar, 1 beaten egg yolk. Second Part: 1/2 cup butter or substitute, 1 cup brown sugar, 2 eggs, 1/2 cup milk, 2 cups sifted flour, 2 teaspoons baking powder, 1/2 teaspoon soda, 1 teaspoon vanilla.

Cook First Part very slowly until thick, then cool. Mix flour, baking powder and soda. Cream butter, gradually add sugar, beat until creamy. Add the beaten eggs, sifted dry ingredients, and milk alternately, beat well. Add cold chocolate mixture and vanilla. Pour into 1 greased layer cake pans; bake in a moderate oven about 15 minutes. Cool; put together with Ghirardelli's Chocolate boiled icing made of left over egg white.
